You usually can't use a reflexive pronoun without a subjective pronoun in the same sentence. Among prominent examples, liquid water's covalent-bonded properties are not deducible from the elemental properties of its components, O and H, both of which are colorless gases and one of them is explosive; nor is NaCl, which we enjoy as ionic-bonded table salt despite one of its atoms being a toxic poison. Should I blame the moon for bringing forth this sadness, as if it pictured grief. For instance, choose clothing that fits you well and is in a style

that you like.
