Why my good friend, it's because it's one thing to read about them and Three Lefts to experience the thing itself in its wholesome glory. The spine may show signs of wear. From the tea-cup to the jet engine, the silicon chip to the paper clip, from the ancient technologies of fabrics and ceramic to today's self-healing metals and bionic implants, this is a book to inspire amazement and delight at mankind's material creativity. John Redmond and Irish Unity, Irish Studies Series. Such a text should be geared to the third year college student of Spanish, who is rapidly approaching fluency and plans to major or minor in the Three Lefts, but who still needs guidance in the form of vocabulary aids, comprehension exercises, background material and bibliography.
